## CAREER OBJECTIVE

---

Motivated Web Developer with an extensive knowledge of web development, design, and coding, as well as experience in a wide range of programming languages, frameworks, and tools. Proven success in developing and deploying applications, websites, and web services. Highly organized and detail-oriented, with a knack for finding creative solutions to challenging problems.

## EXPERIENCE

---

February 2022 - Present

### Web Application Developer

First Interstate Bank, Idaho Falls, ID

- Developed multiple applications to help our branches function better. (Consumer Loan application, SBA Loans application, etc).
- Updated old out of date web components. (Bower - NPM). Also minified our build process using gulp. Making our website much faster and up to ADA standards.
- Reviewed technical needs to gather and refine specifications and requirements.
- Developed secure and reliable web-based solutions to meet customer requirements.
- Integrated data from back-end services and databases.
- Implemented search engine optimization techniques to enhance website visibility.
- Created clean, well-documented custom code and updates.
- Collaborated with web content editors to facilitate website maintenance.
- Utilized APIs to provide data to web applications.

September 2021 - February 2022

### Web Developer

Lindsey Jones, Idaho Falls, ID

- Built Several applications (Timeclock, Quizzes, etc).
- Re designed the homepage and product pages for our company.
- Coordinated workflows to optimize resources and prioritize high-volume workloads.
- Verified front-end code functionality across browsers and platforms.
- Leveraged mastery of HTML, CSS and JavaScript to build top-quality code for diverse projects.
